PROJECTS

- **Weather App:** The Weather App project is a web application in which I have used HTML, CSS, and JavaScript to fetch weather data from a weather API and display current weather conditions and forecasts for a specific location. It provides users with real-time weather information, allowing them to stay informed about the weather conditions in their desired location.
- **Food Delivery System:** A food delivery website model through which user can order food online via putting in his/her details and address. I have worked on this project in collaboration with my team of 5 members in which I handled the HTML and CSS part.
- **Task Manager (To-Do list):** This to-do list is a simple and efficient tool that helps users manage their tasks effectively. It allows users to create, delete, and organize the tasks they need to do.
- **SuperHero Search Engine:** In this project, I have made a SuperHero App in which the user can search for a random superhero or even a specific superhero of their choice and they will get its information including picture, strength, power durability, etc.
- **Tic-Tac-Toe Game:** The Tic Tac Toe game is a very common and famous game among the children. In this project, I have made this game applying my knowledge of HTML, CSS, and JavaScript. It has a very attractive user interface which makes the game more fun and exciting.

TECHNICAL SKILLS

- **Languages:** C, C++, Python, HTML, CSS, JavaScript.

SCHOLASTIC ACHIEVEMENTS

- **Tech-Wizard:** Cleared the 1st and 2nd round in Tech-Wizard coding contest during the 1st semester.
- **Code-A-Thon:** Participated and reached the final round (3rd) among 200+ students in the Code-A-Thon organized by We-Code club of GEHU Bhimtal in 1st year of B.Tech.

POSITIONS OF RESPONSIBILITY

- **Member of Coders Crux:** Selected among the top 25 members for the Coders Crux club of GEHU Bhimtal.
- **Volunteer, National Service Scheme:** Actively participated in various activities organized by NSS team and also a volunteer in Computer Literacy Program(CLP) conducted in the college campus where we teach 40+ students every Saturday.
